Pierre Bélanger has over 35 years of experience in the financial markets. After a distinguished career in various financial market activities, he now advises investors and asset managers with solid expertise in portfolio management, global asset allocation, derivatives trading, financing, structured notes, asset/liability matching and risk management. Pierre participates in and is available for appointments on committees and boards. He was formerly the director of investments at the Québec Pension Plan for Employees of CPEs and Subsidized Daycare Centers (RRCPEGQ), where he was responsible for managing the plan's assets (\$5.3 billion). During his career, Pierre has held the positions of vice president, investment portfolio management at Fonds de solidarité FTQ; vice president, global asset allocation and special products at Natcan Portfolio Management; and senior manager, bond portfolio at Hydro-Québec Pension Plan. He holds a master's degree in economics (M.Sc.) and a bachelor's degree in business administration (B.A.A.) from the École des Hautes Études Commerciales in Montréal. Pierre is a chartered director (ASC/C.Dir), having completed the university certification program in corporate governance from the College of Corporate Directors of Université Laval.
