

Ashley Hume

Chief Executive Officer
Emerging Therapy Solutions
Bloomington Minnesota

Ashley Hume is a healthcare executive with 25 years of experience building and scaling cost containment, reimbursement, and risk management strategies for high-cost, emerging therapies. As CEO of Emerging Therapy Solutions (ETS), she has led the development and national expansion of ETS's end-to-end platform for cell and gene therapy and transplant, partnering with health plans, employers, TPAs, and reinsurers to operationalize contracting, care navigation, network strategy, and risk transfer for catastrophic claims. Ashley is active in national cell and gene therapy reimbursement and payment model discussions, advising payers and stakeholders on CGT readiness and financing strategies. Prior to ETS, she held leadership roles at a health plan and health plan services company, and senior roles overseeing revenue cycle and contracting for large specialty groups and health systems.
