

Dario Morrone, CAIA, CFA, FCIA, FSA

Senior Investment Consultant

Mercer

Montréal, Québec

Dario Morrone joined Mercer in 2014. Drawing on his experience as a pension actuary working with Canadian defined benefit (DB) pension plans, he now focuses on investment consulting for institutional investors such as DB plans and foundations. Dario regularly collaborates with investment and pension committees as well as managers, providing support on strategic mandates such as asset allocation review—including asset-liability studies as well as risk management, manager selection and portfolio structure review. His client experience spans many sectors, both private and public. Dario holds CFA® and CAIA® designations, and he is a Fellow of the Society of Actuaries and Fellow of the Canadian Institute of Actuaries. He holds a bachelor of science degree in mathematics and a master of science degree in statistics from McGill University.
