

Euan Reid, FCIA, FIA

Principal

Eckler Ltd.

Vancouver, British Columbia

Euan Reid is a principal in the Vancouver office of Eckler Ltd. His work spans some of Canada's largest public sector pension plans, as well as defined benefit plans and target benefit plans in the private sector. Euan also advises workers' compensation boards, ensuring a sustainable balance between supporting injured workers and managing costs for employers. Beyond traditional actuarial domains, he applies similar thinking in innovative areas such as overseeing long-term compensation from class action lawsuits, and guiding First Nations in the development of spending, governance and investment strategies. Euan is a fellow of both the Canadian Institute of Actuaries and the Institute and Faculty of Actuaries in the UK. He has published articles on longevity risk and pension risk transfer, and he has presented at industry conferences on topics including provincial pension funding requirements and actuarial funding approaches for public sector pension plans.
