Molly Stanton has over 18 years of experience in the employee benefits industry. Her accomplishments include building a successful voluntary benefits agency from the ground up to one of the largest carrier district offices in the Philadelphia market. Throughout her career, Molly has won numerous awards and recognition for exceeding her growth and sales goals, including the prestigious President's Club, which is the highest achievement for the carrier's sales force. Motivated by the profound impact psychedelic therapy has had in her own life, Molly embarked on her consulting journey in this emerging field in 2024. Drawing upon her extensive experience and passion for making a positive impact, Molly is committed to raising awareness and providing education within the broker, employer and union channels. Her mission is to empower organizations to embrace transformative therapies and extend their benefits to employees who can benefit most from these life-changing interventions.
