

Mark D. Threeton, Ph.D.

**Associate Professor of Learning and
Performance Systems**

**Coordinator Career and Technical Teacher Education
Workforce Education and Development Program**

**The Pennsylvania State University
University Park, Pennsylvania**

Dr. Threeton is an associate professor of learning and performance systems and coordinator of career and technical teacher education within the Workforce Education and Development program at The Pennsylvania State University. He consults, teaches and conducts research in the areas of facilities management, occupational safety and health within school environments as well as the broader workforce, and experiential learning to promote enhanced learning and skill development. Prior to joining the Penn State faculty, Dr. Threeton was a technical educator with an emphasis in automotive technology and career development. His research has been published widely in scholarly research journals and books. Dr. Threeton holds a B.S. degree in technical education from Pittsburg State University, an M.S. degree in higher education administration from Kansas State University and a Ph.D. degree from The Pennsylvania State University in workforce education and development.
